The Evergreens

# To you, John R. Haines, President of Monticello,

we dedicate the 1966 Echo. We owe you so much more than we can hope to repay. Your efforts to make Monticello a better institution of higher learning are deeply appreciated. Your enthusiasm for Monticello's progress is felt by every one of us. The changes you have made are both tangible and intangible. We see growth and progress around us every day. We are proud to have you representing us throughout the country.

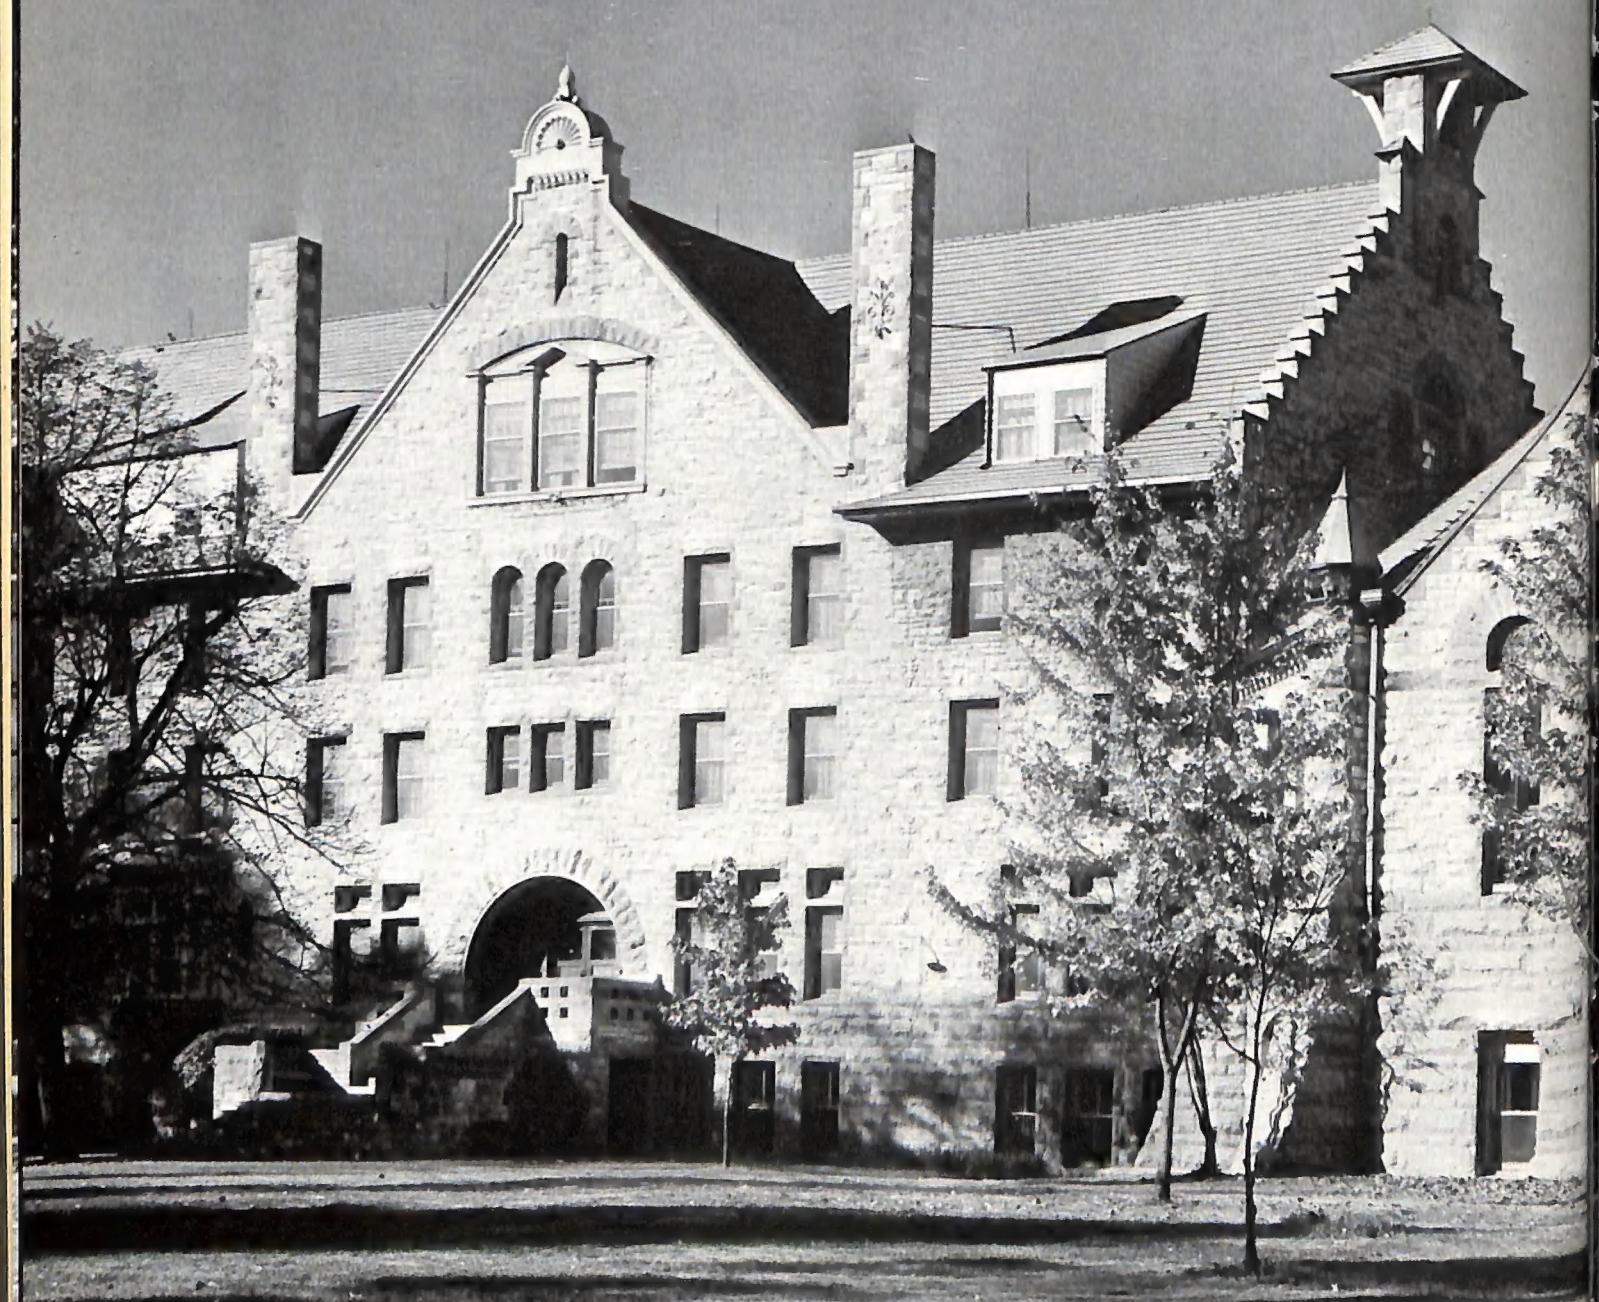

We truly appreciate your enthusiasm and efforts and we, the students of Monticello, are behind you every step of the way.

Always a cheery smile for his guests.

Ready to lend a helping hand.

# Summer School

Sue, Jackie and Janice guard the luggage.

For the first time Monticello held a summer school session. The students carried a minimum course load just to find out if college was the place for them. Word has it that the summer school students had their share of fun. It wasn't all work and no play. On the whole the summer session was a big success and plans are being made to continue this tradition.

Summer school students choose their supplies at the bookstore.

Rock-a-bye baby

Of course I'm beautiful!

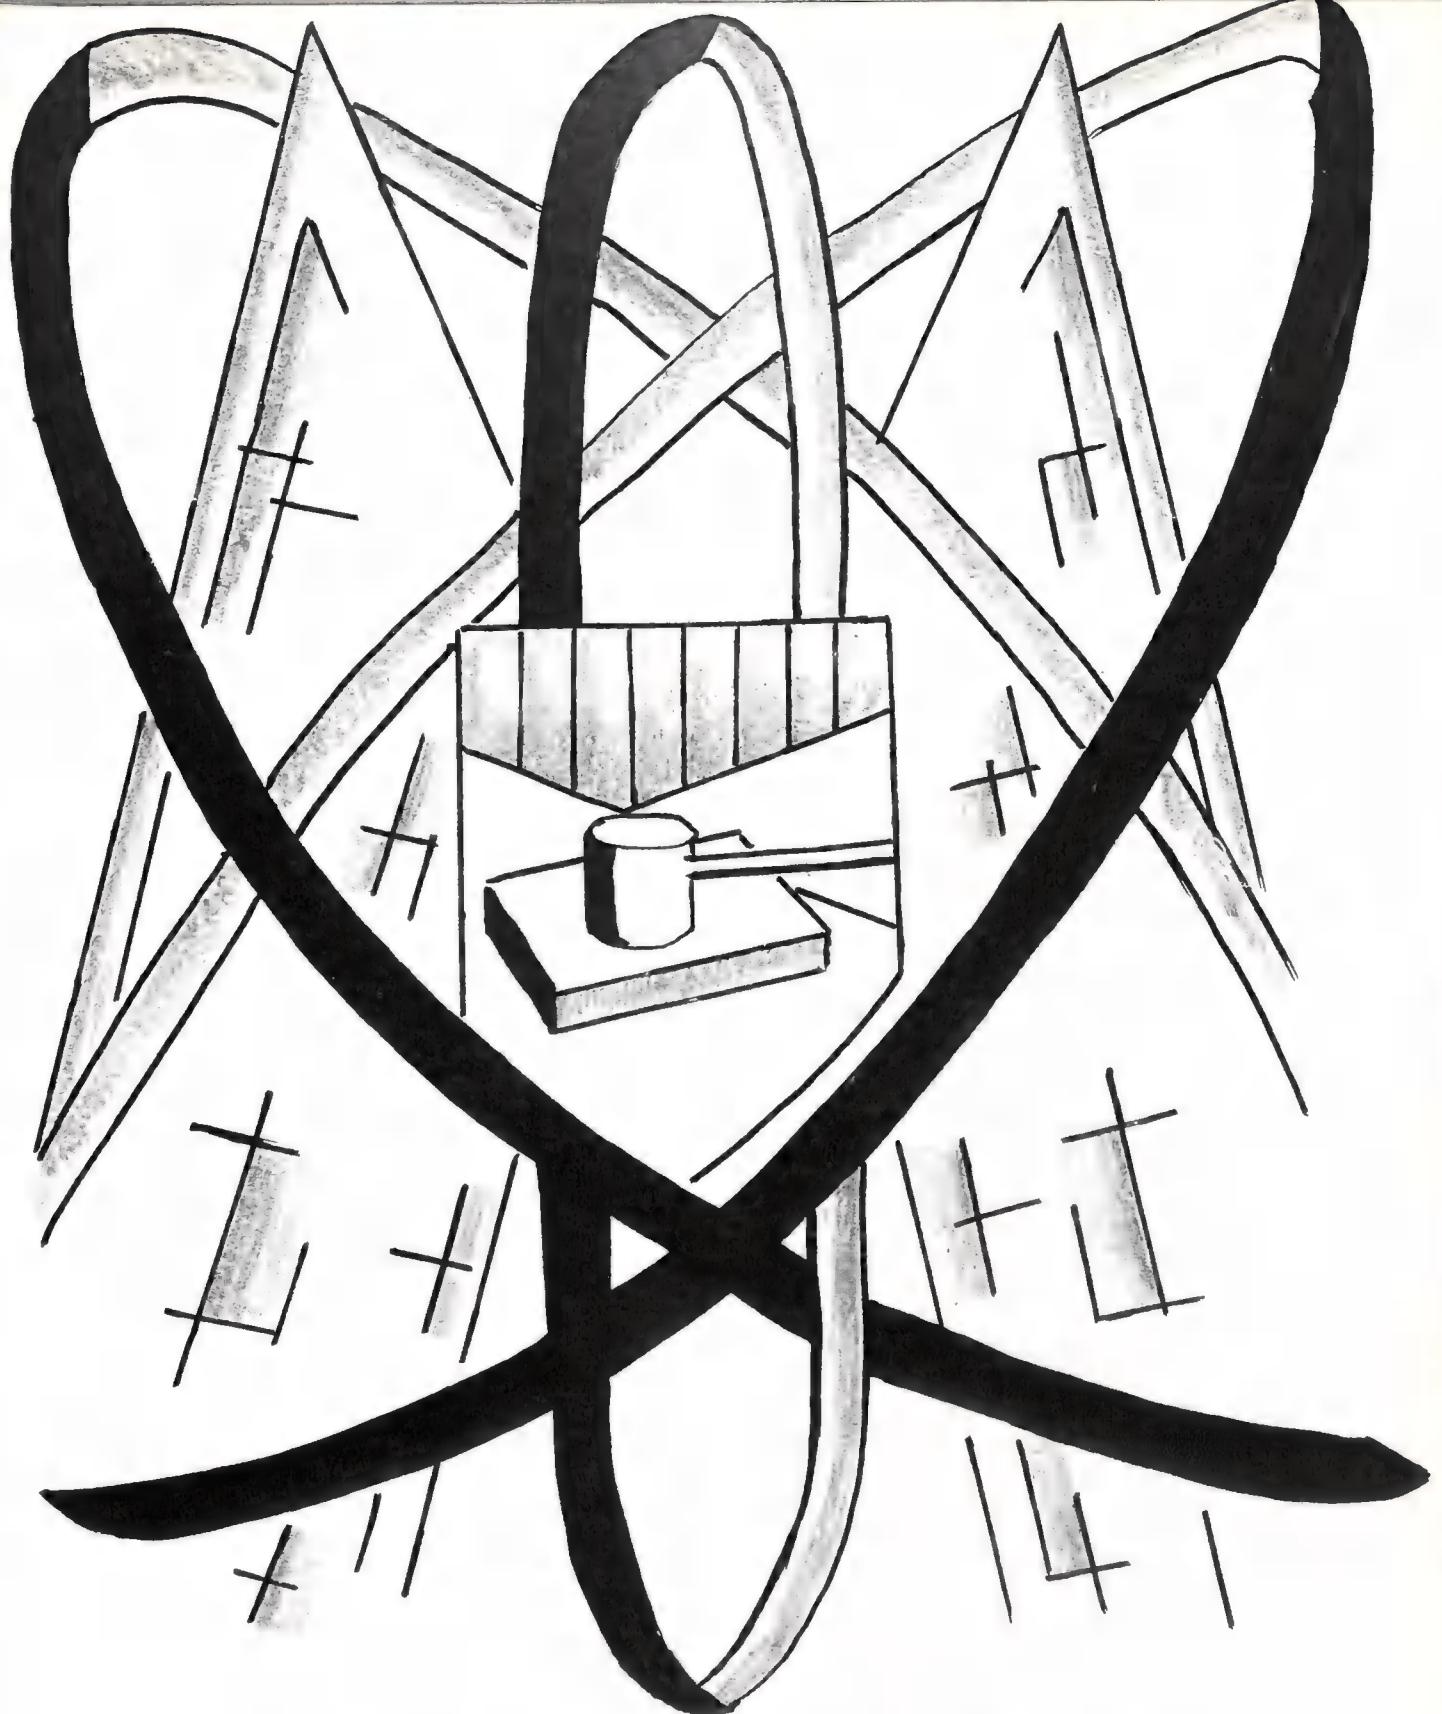

Don't I smile pretty?

Stuco president, Polly Boydstun, welcomes second semester Stuco representatives, Marite Ozers and Denise Farley.

This year Stuco has approved the by-laws to the constitution which was revised last year. The Council is consistently working toward better student-administration relations and has succeeded in passing many changes in the rules and regulations of Monticello, thereby giving the students new and added responsibilities and a chance to fulfill their roles as citizens in this age of progress.

Stuco member, Sammey Locke, tallies election returns.

Monticello's delegates: P. J. Sout, Mr. MacDonald, advisor, Wendy Clausen, and Madeleine Dinges.

Each year Monticello sends delegates to the Public Affairs Conference at Principia College. Here students from all over the country gather to discuss world affairs. In general discussion groups many opinions are aired and ideas are freely exchanged. The conference provides an opportunity for Monticello students to present their ideas as well as learn from the ideas of others.

These juniors have re-established the Times and returned Monticello's newspaper to a first class traditional publication.

Excited welcomes, newsy conversations and tearful good-byes were all part of Dad's Weekend, an annual event which gives parents an opportunity to participate in the academic and social lives of their daughters at Monti. This year Dad's Weekend was held October 29, 30 and 31. Friday classes were open for observation and the dormitories held open house all day Saturday.

Friday afternoon the parents were invited to play tennis and swim on campus or play golf at Lockhaven Country Club. Saturday afternoon the Riding Club sponsored a horse show under the supervision of Mr. Martinez. The Marlin Club with the help of Mrs. Hunter presented a water ballet.

This year for the first time, Monticello participated in the Alton Halloween Parade. Members of M.C.A. built the college float while the Geology Club pinned flowers on the Kiwanis pumpkin. At the parade Saturday night the Geology Club succeeded in winning first place for the Alton Kiwanis.

After the parade a costume ball was held in Hathaway. The climax of the ball was the crowning of Mary Herrick as the "ideal daughter" by the Dad's Club President, Mr. LeCrone.

Other highlights of the weekend were the Dean's Dinner held Friday evening in the dining room in honor of all girls who attained Dean's List last semester, the presentation of "The Enchanted" by a student and faculty cast under the direction of Dr. Davis and a style show in Fountain Court.

A non-denominational worship service in the Godfrey Memorial Chapel on Sunday morning brought to an end a weekend never to be forgotten.

# George Washington Banquet

George and Martha were there—were you?

Since George Washington was the only President of the United States who was never officially inaugurated to the presidency, the juniors decided to remedy the situation. ## Student Council-A Pure Democracy

The Student Council of Monticello Preparatory School operates under a unique principle—that of complete student participation. The preps of the last graduating class constitute the body of Student Council.

Under the pure democracy system each girl is given a voice in student government, as well as the responsibility of enforcing the rules. These rules govern happenings outside the dorm, and include dress regulations, table manners, and general conduct.

Student Council was originally founded to enforce the Honor Code, help the students themselves, and better Monticello in any way it could. The Council forms a vitally important link between students and administration in today's democratic campus life.
